XVIEW CORPORATE
Large Installation Solution

Designed to deliver exceptional performance, the xVault Corporate client viewing appliance is equipped with the 4th generation Intel® Core™ i7 Processor Extreme Edition. With the ability to drive up to 12 monitors, the xVault Corporate is ideal for larger installation environments. The xVault Corporate appliance is ideal for larger surveillance monitoring solution that requires a higher range of monitors and larger camera counts.

All of xVault client viewing stations are built for the surveillance market. Understanding the high demands of a viewing solution, the xVault Corporate has been thoroughly tested with leading video management software (VMS) platforms. Optimized for each VMS and the surveillance market, integrators can rest ensured the xVault Corporate will have exceptional performance for multiple monitor viewing such as control rooms.
